Have you completed an interesting QA or QI project, a clinical outcome study or other helpful research? Do you have a special program or service to promote? Did you submit or present posters at one or two of the last ADA Annual Meetings (FNCE)? Then think about presenting your data or information at the Poster Session/Tabletop Displays.

A poster session/tabletop is an informal way to share information, research programs and materials with your colleagues. We encourage RDs, DTRs and dietetic students to use this opportunity to showcase their work in all areas of dietetic practice. Affiliated professional organizations, universities and district/local affiliates of WDA may display at the session**.

There is no charge for tabletops but participants are not allowed to sell products. Each display will include: one draped 8 foot table, one chair. An electrical outlet is available on request for a charge of \$35.00. Any audiovisual equipment will be the responsibility of the participant. Please plan on bringing your own equipment or contact Lynn Edwards for rental information.

Register by March 1, 2011. Send form to: Lynn Edwards, RD, CD, c/o WDA, 1411 West Montgomery Street, Sparta, WI 54656-1003 or email to wda@centurytel.net or fax to 608.269.0043. Questions ?? 888.232.8631.
